*A hybrid option is available via Zoom: <https://us02web.zoom.us/j/86083906186>*

**Concerned about the impact of Climate Change and Natural Disasters in Ludlow?  
Voice your concerns during the Local Hazard Mitigation Plan update.**

The Town & Village of Ludlow is updating its Local Hazard Mitigation Plan. The purpose of this planning effort is to protect life, property, economy, quality of life, and environment of the Ludlow Community from naturally occurring hazards and disasters. We are requesting input from the local community regarding experiences and concerns about weather related events and the potential risks and vulnerabilities to hazards, such as flooding, erosion, extreme temperatures, winter storms and drought.

The Town's Hazard Mitigation Planning Team will be holding a series of public meetings over the next few months during this planning process. The first meeting will be held at the Town Office on January 31<sup>st</sup> from 6:00pm to 7:00pm and conducted by the Mount Ascutney Regional Commission (MARC). The public is encouraged to attend and share their thoughts.

If you are interested but unable to attend there are a number of ways to participate and provide input.

- You can participate in scheduled meetings via a virtual ZOOM link below:
  - <https://us02web.zoom.us/j/86083906186>
- You can find meeting agendas, planning materials, and fillable templates on the webpage entitled [Ludlow Local Hazard Mitigation Plan Update Process](#) on MARC's website.
- You can complete this brief online [Climate Change in Ludlow survey](#)
- You can always provide your concerns, comments, and questions regarding this planning effort via email to Malia Cordero at [mcordero@marcvt.org](mailto:mcordero@marcvt.org).
